

4.2 Promotion of Diversity and Equal Opportunities for Employees

4.2.1 Basic Approach

The Fujifilm Group lists “Respect and promotion of diversity” and “Prohibition of discrimination” in Chapter 1 Respect for Human Rights of the Fujifilm Group Code of Conduct. We aim to become a robust organization that can contribute to a richer society by generating new values through respecting, accepting, and being inspired by each employee’s personality and individuality.

4.2.2 Activities to Promote Diversity

One of the Priority Issues listed in the Sustainable Value Plan 2030 (SVP 2030), FUJIFILM’s CSR Plan, states “Create frameworks and workplaces so that the Fujifilm Group’s diverse employees may exert their capabilities and creativity to the fullest extent.” Concretely, we set the following targets to progress work-style reform and diversity promotion: (1) Increase the rate of international employees in major positions (global target); (2) Improve the rate of women in managerial positions (global target); (3) Continue to exceed the legally stipulated rate of employment of persons with disabilities (in Japan); and (4) Achieve zero retirement of employees caused by nursing care, childbirth, and childcare (in Japan).

In April 2019, we revised the Fujifilm Group Charter for Corporate Behavior and Code of Conduct by reinforcing the description concerning respecting diversity and elimination of discrimination. The revised Code of Conduct was translated into 24 languages and global education was started for all Group employees across the world.
