ink system for  
high-quality  
skin tone**

**Versatile  
printing sizes  
accommodate  
various  
departmental  
needs**

# Frontier-S DX100

HIGH-QUALITY AND VERSATILE WITH MULTIPLE PRINTER CONFIGURATIONS

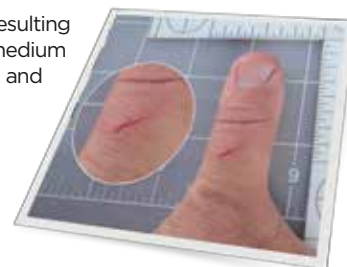

## Versatile print sizes from 3.5" x 5" up to 8" x 39" panoramic.

The DX100 printer supports a variety of print sizes to match departmental or situational photo output needs.

## 6 color FUJIFILM VIVIDIA™ dye inks for accurate reproductions

The VIVIDIA™ ink system uses a colorant resulting in enhanced granularity and gradation in medium density areas such as skin tones, blue skies and gradient backgrounds.

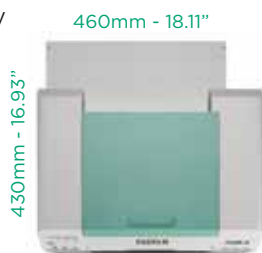

## SPACE SAVING AND EASY MAINTENANCE

This easy-to-maintain printer doesn't need a lot of space, and front-facing ink cartridges and roll paper are very easy to replace.

### Minimum foot space required

Required footprint is only 0.20m<sup>2</sup> (2.13 Ft<sup>2</sup>).

### Easy maintenance

Ink cartridges and roll paper are replaced easily by opening the front covers to replace them.
