

# XEROX PHASER® 6270 Photobook Printer

Broaden the range of your photo business  
with high margin photo specialty products

**Create exciting  
photo specialty  
products in-store**

**Low maintenance  
and easy operation**

**Incorporates  
simply into  
existing systems**

# Xerox Phaser® 6270 Photobook Printer

Automatic double-sided printing enables easy creation of photo quality books, calendars and folded cards.

PHOTO BOOKS, CALENDARS AND FOLDED CARDS CAN BE EASILY CREATED ON-SITE

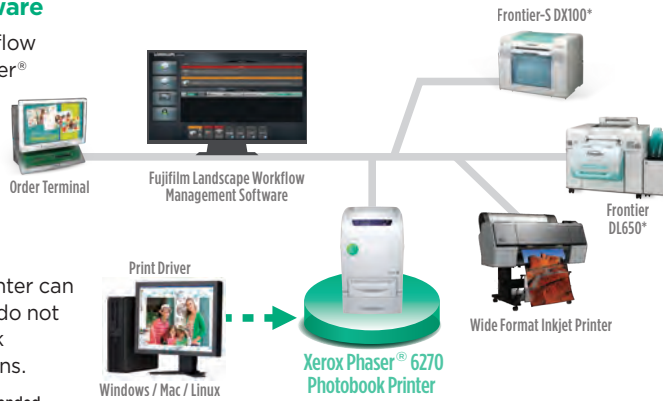

Three paper trays make it easy to switch paper sizes and thicknesses.

## CATERING TO A WIDE RANGE OF SYSTEM ENVIRONMENTS

### Connection with Fujifilm's LANDSCAPE™ Workflow Management Software

With FUJIFILM LANDSCAPE Workflow Management Software, Xerox Phaser® 6270 Photobook Printer can be operated and managed efficiently, together with other printers connected to the same system.

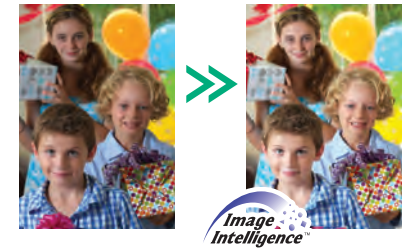

### Connection through the Standard Printer Driver

Xerox Phaser® 6270 Photobook Printer can be connected to workstations that do not use LANDSCAPE, enabling network printing from a variety of applications.

\*Lab configurations connected to LANDSCAPE intended for one FUJIFILM Frontier printer model type. Mixed models not supported.

## IMAGE INTELLIGENCE™

Fujifilm's proprietary image processing technology, Image Intelligence™ automatically compensates for problematic conditions such as poor lighting, excessive backlight, high contrast, under exposure or over exposure.\*

Simulation of image processing technology.

\*Only available with Fujifilm Workflow Management software.
