FUJIFILM Holdings Corporation conducts annual screening of priority risk issues (including potential ones) in business processes at all FUJIFILM Group companies. All FUJIFILM Group companies identify priority risk issues, plan and execute necessary measures to address those issues, and manage their results. Priority issues for the FUJIFILM Group as a whole, based on the review results for each FUJIFILM Group company, and the results of action implemented are reported to, and deliberated on by, the FUJIFILM Holdings ESG Committee and reported to the Board of Directors of FUJIFILM Holdings Corporation. This includes human rights issues. Human rights are specified explicitly as one of the perspectives requiring attention at each FUJIFILM Group company in review of our priority risk issues. If a FUJIFILM Group company has identified any human rights risk, it is required to develop and implement preventive and mitigating measures.

For the products that we sell that are ultimately sourced from FUJIFILM Corporation, or from FUJIFILM Group Companies in certain other parts of Asia and North America (if any), procurement staff are expected to identify and assess potential risk areas in the supply chain and work with suppliers in those areas in order to seek to establish that those suppliers act in accordance with the Supplier Guidelines.

As part of our own initiatives to identify and manage risk for products that we source ourselves and for services, our procurement staff work to mitigate risk of slavery and human trafficking occurring in our supply chains. All material and services purchased from U.S. and foreign suppliers are governed by FUJIFILM Dimatix, Inc.'s Terms and Conditions of Purchase Order. Specifically stated within this document is language that requires the supplier to strictly conform to federal, state and local laws, orders and regulations, including, but not limited to, those regarding occupational safety and health. It is FUJIFILM Dimatix, Inc.'s firm belief that slavery and human trafficking would both fall under these terms and conditions of sale.

#### **SUPPLIER ADHERENCE TO OUR VALUES AND ETHICS**

The FUJIFILM Group promotes actions to ban slavery and human trafficking from its supply chain mainly with the framework of ethical procurement.

For the products that we sell that are ultimately sourced from FUJIFILM Corporation or from FUJIFILM Group companies in certain other parts of Asia and in North America (if any), suppliers of those products are requested to commit to the ethical business principles set out in the Supplier Guidelines. The Supplier Guidelines cover items listed in the FUJIFILM Group Charter for Corporate Behaviour, FUJIFILM Group Code of Conduct, and FUJIFILM Group Human Rights Statement that FUJIFILM Group companies request their suppliers to follow, as well as all the items covered in the Code of Conduct of the Responsible Business Alliance (RBA).

FUJIFILM Corporation also uses the FUJIFILM Group Supplier CSR Checklist to assess suppliers' compliance with the Supplier Guidelines where considered necessary. As a result of suppliers completing these Checklists since FY2015, primary suppliers in Japan, Europe and the U.S. have been assessed as a low CSR risk. In the year ending 31 March 2019, FUJIFILM Corporation has extended the request to complete these Checklists to other suppliers in Japan and Europe. In addition, FUJIFILM Corporation conducted audits of suppliers to its Chinese manufacturing subsidiary and requested correction of risk factors.

For products that we source ourselves and for services, our activities consist of assessing supplier risk, conducting periodic re-evaluation of supplier risks, and continually monitoring suppliers through such means as on-site audits, business reviews and supplier surveys. Suppliers are evaluated and selected based on their ability to supply components, services or products that meet FUJIFILM Dimatix, Inc. requirements.

FUJIFILM Dimatix, Inc. is committed to ethical behavior. The basic values of FUJIFILM Dimatix, Inc. are Integrity, Trust, Credibility, Continuous Improvement and Respect for the Individual. ## TRAINING

To ensure an understanding of the risks of modern slavery and human trafficking in our supply chains and our business, we work with our procurement staff to ensure they act ethically and with integrity in their interactions with our suppliers and to implement and promote this approach in our supply chains.

## FURTHER STEPS

With effect from 1 April 2019, FUJIFILM Holdings Corporation revised the FUJIFILM Group Charter for Corporate Behaviour and FUJIFILM Group Code of Conduct. They have been translated into 24 languages and global education by e-learning is being carried out including disseminating the FUJIFILM Group Charter for Corporate Behaviour and FUJIFILM Group Code of Conduct and the FUJIFILM Group Human Rights Statement to all FUJIFILM Group employees.

To combat the human rights risk within the supply chain, FUJIFILM Group companies will continue to promote the actions with the framework of ethical procurement. In the current year, they will monitor the improvement status of those suppliers where human rights related risks were found and correction measures specified.

Following a review of the effectiveness of the steps we have taken to ensure that there is no slavery or human trafficking in our supply chains, we intend to take the following further steps to combat slavery and human trafficking: adopt and support all corporate policies related to business ethics and respect for basic human rights, and periodically review our policies and procedures to help maintain compliance with internal policy and external laws.

This statement is made pursuant to section 54(1) of the Modern Slavery Act 2015 and constitutes the slavery and human trafficking statement for FUJIFILM Dimatix, Inc. for the financial year ending 31 March 2019.
