AMMONIUM BROMIDE	CAS # 12124-97-9

RISKS: Causes skin irritation. Causes serious eye damage.

Precautions for Safe Handling: Use personal protective equipment. Avoid contact with skin, eyes or clothing. Evacuate personnel to safe areas. Keep people away from upwind of spill/leak.

Conditions to Avoid: Excessive heat. Freezing. This product contains an ammonia compound. Do not allow this solution to come in contact with household or industrial bleaches (Sodium Hypochlorite). Mixing these chemicals can result in the release of hazardous or toxic gasses. Inhalation of these gasses may cause severe respiratory irritation.

Incompatible Materials: Strong oxidizing agents. Strong acids. Strong bases. Sodium hypochlorite.

The ingredients listed on this label are classified as health hazards and contained in the chemical concentrates manufactured by FUJIFILM. The ingredients listed are present above their cut-off/concentration limits and are found in diluted solutions when mixed and used according to direction. All other ingredients not listed are below the threshold for disclosure.
