

Fujifilm Barcode Labeling Services

Fujifilm offers a customized barcode labeling service within our U.S. facility in Cypress, California. Our barcode labeling service occurs within a controlled environment with quality controls that precisely regulate environmental factors. Air temperature, air particle levels, and humidity are regulated to meet operational needs, and this critical service area is isolated from other operations within the facility.

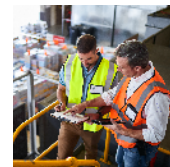

Specify Your Barcode Label Sequence

Easy to use custom barcode order form

Controlled-Environment Labeling

Rest assured knowing the highest quality controls are used

No Additional Cost

Save time and money with cartridges equipped for use directly out of the box
